**Practice Exam:** 000-136 Exams

**Exam Number/Code:** 000-136

**Exam Name:** Rational Application Developer v7

**Questions and Answers:** 60 Q&As

( [IBM certifications III](#) )

Exam : [000-136](#)

"Rational Application Developer v7", also known as 000-136 exam, is a IBM certification. With the complete collection of questions and answers, TestInside has assembled to take you through 60 Q&As to your 000-136

Exam preparation. In the 000-136 exam resources, you will cover every field and category in IBM Certification helping to ready you for your successful IBM Certification.

Quality and Value for the 000-136 Exam TestInside Practice Exams for IBM **IBM certifications III** Certification 000-136 are written to the highest standards of technical accuracy, using only certified subject matter experts and published authors for development.

### ***TestInside provide the professional Q&A.***

1. We offer free update service for three month.

After you purchase our product, we will offer free update in time for three month.

2. High quality and Value for the 000-136 Exam.

000-136 simulation test questions, including the examination question and the answer, complete by our senior IT lecturers and the IBM certifications III product experts, included the current newest 000-136 examination questions.

3. 100% Guarantee to Pass Your IBM certifications III exam and get your IBM certifications III Certification.

If you do not pass the IBM Certification 000-136 exam (Rational Application Developer v7) on your first attempt using our TestInside testing engine and pdf file, we will give you a FULL REFUND of your purchasing fee.

### ***use TestInside 000-136 Q&A ensure you pass the exam at your first try.***

TestInside professional provide IBM certifications III 000-136 the newest Q&A, completely covers 000-136 test original topic. With our complete IBM certifications III resources, you will minimize your IBM certifications III cost and be ready to pass your 000-136 tests on Your First Try, 100% Money Back Guarantee included!

[IBM 000-136](#) Test belongs to one of the IBM certifications III certified test, if needs to obtain the IBM certifications III certificate, you also need to participate in other related test, the details you may visit the [IBM certifications III](#) certified topic, in there, you will see all related IBM certifications III certified subject of examination.

### ***TestInside Testing Engine Features***

Comprehensive questions and answers about 000-136 exam

000-136 exam questions accompanied by exhibits

Verified Answers Researched by Industry Experts and almost 100% correct

000-136 exam questions updated on regular basis

Same type as the certification exams, 000-136 exam preparation is in multiple-choice questions (MCQs).

Tested by multiple times before publishing

Try free 000-136 exam demo before you decide to buy it in Test-Inside.com.

Note: This pdf demo do not include the question's picture.

Exam : IBM 000-136

Title : Rational Application Developer v7

1. When creating a session bean, the default selection for the session bean is to create a remote client view instead of a local client view. This is because:

- A. Even though a local client view is available, it is a best practice to never use a local client view in a session bean.
- B. Session beans are normally used to implement facades, and as such, require remote interfaces as opposed to local interfaces.
- C. A remote client view is easier to use.
- D. Local client view for session beans has been deprecated.

Answer: B
